### SPRING HYDRANT FLUSHING

April 8<sup>th</sup> to May 3<sup>rd</sup> the Ontario Clean Water  
Agency (OCWA) will be conducting spring  
flushing of hydrants.

During flushing, residents may experience a  
drop in pressure. Any disruption should be of  
a short duration and should only occur while  
mains in the area are being flushed. It is  
recommended that you turn on a cold-water  
tap, preferably in a laundry tub, to flush out  
your service once flushing has occurred in  
your area. If there is an aerator on your tap,  
remove it prior to flushing your taps.

If you have any questions, contact the  
Township of Southwold at 519-769-2010.

Nominations for our 2024  
Volunteer Recognition will be
